Sporting Clays Shoot

220 Registered Targets, Saturday, Aug 28, 2010

120 Non-registered Targets, Sunday, Aug 29, 2010

GENERAL CLUB AND SHOOT INFORMATION

Our Club is located approximately 5.3 km west of Radium Hot Springs, BC in the scenic Columbia River Valley between the Purcell and Rocky Mountains approximately 2.5 hours drive west of Calgary, AB going through some of the most picturesque areas in Canada. The Lake Windermere area is a prime recreational area with hiking, water sports, sight seeing, some of the best golf in Canada, skiing and of course, sporting clays. The area encompasses several communities with the largest of them being Radium Hot Springs, Windermere, Invermere and Fairmont Hot Springs.

Bugaboo Blast features 100 registered targets on Saturday morning, 120 registered targets on Saturday afternoon and 120 non-registered targets on Sunday. In each case, we expect to use 16-20 shooting stations. Our course encompasses a variety of terrain including open meadow, hill sides, a ravine, mature timber and scrub brush allowing many interesting target presentations from wide open targets, to fast targets with short windows, as well as several rabbit presentations.

Bugaboo Blast gets its name from the Bugaboo range of mountains a few miles north of our club. Bugaboo Spire is one of the more prominent peaks and is the subject matter of many striking photos. We like to think of Bugaboo Blast being the "pinnacle" of your sporting clays season.

For those of you who are attending the Canadian Nationals, our event will be a great opportunity to do a final practice just a few days before the Nationals and perform the final honing on your shooting skills. Our event is also a great chance to enjoy a few vacation days in the mountains participating in one of the many activities available or just relaxing. For those of you who are not attending the Nationals, this is your last registered event of the summer. The next registered event is at Silver Willow near the end of Sep. ***All in all, Bugaboo Blast is an event you don't want to miss.***

REGISTRATION AND FEES

Fees for Saturday are \$135 and \$75 for Sunday. Lunch is included both days. Registration opens at 08:15 each day. Shooter's briefing will take place at 09:45 each day. Morning shoot will begin at 10:00. The course is approximately 1.4km in length. Normally it takes 2.5 to 3 hours to complete the course. The afternoon session will start approximately 2 pm. Registration fees will be half price for sub-juniors, juniors and full time students both days and will also be half price for ladies for the registered shoot. We are not set up for charge or debit cards so cash or check only please.

We encourage you to pre-register as that helps us immensely with food and other logistics. Also, we will be limited to 60 shooters. A deposit is not required. Registration form is on the web site;- see next section on Camping & Accommodation. Contact information is also shown at the bottom of this document.

Shooters are encouraged to arrange their own squads. Due to length of course, no more than 5 shooters per squad with 4 shooters per squad preferred. This will help move things along faster. Where necessary, shooters will be assigned to squads.

The course is suitable for quads and golf carts. Unfortunately at this time, we do not have golf carts for rent.

CAMPING & ACCOMMODATION

Free, un-serviced camping is available on site. The area is nicely treed and some picnic tables are available.

The closest community to our range is Radium Hot Springs. There are a number of motels and condo's in the area. Check our web site at www.lwdrodragon.org then go under Events, News and Programs and open the PDF file called Special Event Info & News for an accommodation list. This will be posted approximately July 22.

PRIZES AND SIDE GAMES

There will be approximately \$6,000 in cash and merchandise prizes. For the registered shoot, prizes will be awarded in both class and concurrent events. A shooter winning in class may **not** also win in concurrent events. Shooters must have a valid ASCA registration in order to qualify for any of the prizes in the registered shoot.

Anyone participating in the Saturday shoot who is not an ASCA member will have their Saturday afternoon score entered in Sunday's prize competition. If that shooter also shoots on Sunday, then the best of the two scores will be used in the Sunday prize competition.

We also have two special prizes. The first is an overnight west coast, salmon fishing trip on board the Limit Up, a 40 foot Tolly with Graham Dallimore as your host. The second special prize is a 2 person, guided, 16-bird, pheasant hunt at the Three Bars Ranch in Kimberley. The method to equitably award these special prizes is under review.

There will be additional merchandise/cash prizes awarded each day by lottery. All paid up shooters will be eligible.

Prizes are subject to a minimum of 45 paid up shooters on each day.

Kootenay Kash will be in effect. A fee of \$10 will apply on both Sat and Sun for those wishing to participate. A specially colored target will be randomly thrown from one of the machines each day. Anyone breaking this specially colored target will receive the Kootenay Kash pool for the day. In the event the pool is not awarded on Saturday, it will carry over to Sunday. If it is awarded on Saturday, a new pool will be in effect on Sunday. In the event the clay is broken when thrown by the machine or appears during a "show me", a second random target will be used. If the second target each day is also broken or if the target is missed on both Saturday and Sunday, the Kootenay Kash amount will go to a Sunday cash prize pool. All monies from Kootenay Kash are returned to the shooters.

OTHER INFORMATION

Shoot will be conducted in accordance with the ASCA rules as published in the 2010 ASCA Program Booklet.

Ammo (12g only) will be available at the range.

Buffet dinner at the range Saturday evening at extra cost.

The weather at the end of August is normally sunny and warm with temperatures typically 26-28 C or about 80 F.
